WYCOMBE Wanderers manager Brian Lee has named five newcomers in his squad of 14 for their first Rothmans Isthmian League game of the new term, tomorrow (Saturday), when they play at Ilford.

However, one man who will be absent is the brilliant young Kenny Swain. It was learned last week that he has been offered professional terms at Chelsea, but Mr. Lee has not heard from him since and so cannot include him in the squad.

Former Enfield defenders Roger Grant and Phil Wood, both of whom have made a good impression with Wanderers supporters, will almost certainly play in the back-line. But Peter Anderson, who joined from Dagenham, is unlikely to oust Dave Bullock from the centrehalf spot, vacated by John Delaney.

A place in the side could be found for Ian Brothers, who linked so well with Larry Pritchard in Monday's preseason encounter with Oxford United. The fifth newcomer in the squad is the long-legged front-runner Steve Perrin.

Goalkeeper Paul Barron, whose poor positioning led to Oxford's second goal in their 2-0 victory, makes way for the experienced John Maskell. It has since been pointed out that Derek Clarke, with his back to press-box, handled the ball before scoring that goal.

Peter McGillicuddy, who came to Wycombe from Ilford, in the close season, returns from holiday tomorrow and is ex-

pected to be a spectator, as his old and new teams battle it out.

The Wycombe squad is: J. Maskell, D. Gamblin, I. Rundle, R. Grant, P. Wood, P. Anderson, D. Bullock, I. Brothers, R. Williams, A. Horseman, L. Pritchard, K. Searle, M. Holifield, S. Perrin.

Ilford's probable team includes seven of the side who fought out a goalless draw in last season's fixture at Loakes Park

season

and all their newcomers are unfront.

Alan Noonan, a consistent striker over the past two season, has quit to join Rainham Town, while of course, McGillicuddy has come to Wycombe. Newcomers include John Geddes and Ricky McQueen from Billericay Town, Alf Hales from Clapton and Johnny Williamson (Dagenham).

Ilford's probable side is: James, Collins, Guiver, Rich, Hope, Bookman, Taylor, Geddes, McQueen, Hales, Williamson.
